

Training to Fit Your Needs

Emerson™ certified trainers understand your industry and bring our deep product expertise into the classroom. With ready access to the collective Emerson knowledge and talent pool, your local trainer can provide a precise answer to your most complex questions.

We invite you to attend one of our Rosemount™ Product Training Courses. These courses use lecture and hands-on workshops to teach students to properly mount, install, configure, calibrate, troubleshoot, and maintain a variety of products.

ENSURE TIME SPENT IN TRAINING IS TIME WELL SPENT

Emerson™ certified trainers understand your industry and bring our deep product expertise into the classroom. With ready access to the collective Emerson knowledge and talent pool, your local trainer can provide a precise answer to your most complex questions.

Emerson certified trainers have the following qualifications:

Experienced with field expertise in each specific Rosemount product

Educated through rigorous technology coursework and certification processes

Trained certified on Rosemount products and trained in adult learning techniques

Course RTG110: Rosemount Tank Gauging Level 1 Training

Overview:

This 3-day course is designed for personnel responsible for the installation, configuration, verification and maintenance of the PRO/5600, REX/3900 and Rosemount Tank Gauging System including Emerson Wireless solutions. The training covers installation, configuration, and troubleshooting of our products via TankMaster™ WinSetup software application.

Students who complete this course will be able to:

- Correctly perform installation and setup procedures
- Understand how to use TankMaster™ WinSetup
- Know how to perform basic troubleshooting

Topics:

- Rosemount TankMaster™
- Rosemount 2460 System Hub
- Rosemount 2160 Field Communication Unit
- Rosemount PRO/5600 Radar Level Gauge
- Rosemount REX/3900 Radar Level Gauge
- Rosemount 5900 Radar Level Gauge
- Rosemount 2410 Tank Hub
- Rosemount 2230 Graphical Field Display
- Rosemount 2240 Multi-Temperature Transmitter
- Rosemount 644 Temperature Transmitter
- Rosemount 1410/1420 Wireless Gateways
- Rosemount THUM 775 Wireless Adapter
- Electrical and Mechanical Installation
- Field Communications including Modbus and FF
- Commissioning, Verification and Troubleshooting

Prerequisites:

This is start-from-scratch course that is suitable for both commissioning and maintenance personnel as well as project and engineering personnel involved with tank gauging systems. No previous knowledge about the Rosemount Tank Gauging Systems is required, but it is recommended to have some general knowledge about instrumentation and computers.

Course location and dates:

Hilton East Brunswick Hotel
2 Tower Center Blvd, East Brunswick NJ 08816

- April 30 – May 2, 2019

Price: \$2,430 per student

Time: Classes start at 8 AM and at 5 PM daily

Prices, dates, times and locations are subject to change without notice.
